You may use this table to get a rough estimate of your taxes, **but don't base your tax return on these numbers.**

TFS Market Neutral Fund	None	0.1012	None
TFS Small Cap Fund	None	None	None

Each fund's Net Asset Value declined after the distribution by the amount paid to shareholders. Any movement in the underlying securities will also affect a fund's NAV. Please note that individual fund shareholder value is not decreased by distributions because each shareholder of record has received a cash distribution or additional shares by reinvestment. All dividends and capital gain distributions are automatically reinvested in additional shares unless a fund shareholder has elected to receive distributions in cash.
